

ANNY MAMANI GUEVARA

Product Designer

annysimone@gmail.com | +51 949 295 796 | Lima, Peru | [LinkedIn](#) | [Portfolio](#) | [Behance](#) | [Dribbble](#)

PROFESSIONAL SUMMARY

Product Designer specializing in fintech, banking, and insurance. I translate technical and business complexity into digital experiences people use with ease, partnering with cross-functional teams to ground design decisions in data, research, and concrete business objectives.

SKILLS

Design & Research: Figma, FigJam, User Research, Usability Testing, Information Architecture, Wireframing & Prototyping, Process Mapping, Design Systems

Strategy & Data: Maze, Google Analytics 4, Amplitude, A/B Testing, Metrics-driven Design, Jira, Confluence

Methodologies & Frameworks: Double Diamond, Jobs To Be Done, Continuous Discovery, How Might We, Nielsen Heuristics

AI & Emerging Tools: AI-assisted Design Workflows, Figma Make, Stitch, AI Studio, Cursor, Salesforce

EXPERIENCE

Product Designer

Nov 2025 – Jan 2026

IDM Technology — Client: Santander Consumer Perú

- Led a UX audit of the institutional website and defined a strategic action plan to guide upcoming improvements.
- Redesigned prioritized UI views and delivered a developer-ready handoff, ensuring visual consistency and alignment with the design system.

Product Designer

Apr 2025 – Oct 2025

Multiplica — Client: Pacífico Seguros

- Designed the e-commerce flow for Seguro Sepelio, launching a digital sales channel to replace a telemarketing model that was not converting.
- Designed backoffice management flows for Life Claims and Cancellations processes.
- Designed improvements to TOM 3.0, an internal platform for tracking team hours and tasks.

Product Designer

Mar 2024 – Apr 2025

Encora — Client: Interbank

- Designed end-to-end flows for ASSI, Interbank's sales platform, covering the most complex products with multiple use cases, error scenarios, and user profiles.
- Partnered with Business Analysts, Product Owners, and engineering to translate business rules into features that reduced sales executives' response time (ANS).

UX/UI Designer

Nov 2019 – Dec 2023

Liquid — Clients: Interbank, Alicorp, Rimac, ACRES SAB

- Supported the design of banking product flows — loans, cards, accounts, the Plin wallet, OTP, and error states — primarily for Interbank, alongside work for other client brands.
- Designed end-to-end flows across multiple digital formats for several brands.
- Designed AppCres, an investment management platform, end-to-end from discovery through final design.

UX/UI Designer (Freelance)

Feb 2020 – Mar 2020

Credicorp Capital

- Digitized Intermediation Contracts and designed a digital onboarding flow.
- Customized a Salesforce Lightning environment for client and contract management.

UX Analyst

Feb 2019 – Sep 2019

Wunderman Thompson — Client: Pan American & Parapan American Games Lima 2019

- Conducted a heuristic analysis of the official website and app, improving usability and information architecture through wireframing, prototyping, and testing.
- Managed the content management system, including curation, review, and uploads.

UX/UI & Graphic Designer

Aug 2014 – Feb 2019

- Applied UX processes and frameworks to digital products across a range of industries.
- Designed UI for digital interfaces including intranets, e-commerce, e-learning, websites, landing pages, and email campaigns.
- Produced editorial and advertising design, and managed social media content.

EDUCATION

Strategic UX — Repensar Educativo, Lima, Peru (2018)

UX Design Diploma — Toulouse Lautrec, Lima, Peru (2018)

Graphic Design — Cibertec, Lima, Peru (2013)
